PUBLIC ADVERTISEMENTS

OFFICE OF THE PRINCIPAL, INFORMATION OFFICER, TO THE GOVERNMENT OF MYSORE, PUBLIC OFFICES, BANGALORE.

Dated 21st December 1949.

Press Note.

CONTROL OF MYSORE LAMP WORKS, LTD.

The Mysore Lamp Works, Ltd., was started as a public limited company on the 26th August 1936 with a capital of Rs. 2 lakhs (20,000 shares of Rs. 10 each). The company was promoted and brought into being by the Managing Agents of the Electrical Industries, Ltd. Madras. The factory started production in the month of June 1937 and made a profit of Rs. 4,095 during the first year and declared a dividend of 3 per cent. Then for a period of there years no dividend was declared, as three were not adequate profits to declare any dividend.

In the year 1939, the company was in need of additional funds for the purchase of raw materials and the Government were approached for a loan of Rs. 80,000. The loan was sanctioned by Government subject to certain conditions regarding the management and control of the affairs of the company. As per these conditions, Sri M. A. Srinivasan was appointed by Government as Chairman and he took over the office of the Chairman in the month of August 1939.

In the year 1941 the Company declared a dividend of 6¼ per cent. In February 1941 the Company wanted to increase the share capital from Rs. 2 lakhs to Rs. 5 lakhs with a view to buy some new machinery and to increase the stock of raw materials.

The generation, transmission and distribution of electricity happily has been a National Industry right from its inception in the State of Mysore. Government have all along followed a policy of establishing electrical industry as a Government concern. The Mysore Lamp Works, in which Government have a small share, were being managed by the Chairman appointed by Government subject to the general control and direction and supervision of the Board as per Article. 110 of the Articles of the Association. Government feel that along with other electrical industries which are being expanded, and with the expansion of electricity throughout the State, as per schemes now sanctioned by Government, it is necessary to expand the electric lamps manufacture not only adequately to meet the entire demands of the Mysore State, but also meet the demands of the surrounding country. The manufacture of street series lamps, which are largely used by the Electrical Department, has also to be introduced in a factory in the State. If this industry is to be developed to meet the essential needs of the country in an appropriate manner, Government feel that an effective control over the management and the day to day operation of the Factory by Government is essential. Therefore, Government have been pleased to take control of the Factory, as per Order No. D. 4883/1. C. 165-49-1 dated 21st December 1949 issued and placed the Chief Electrical Engineer in charge of the Factory, pending further action being taken with regard to its development to meet our requirements.

It is not the intention of the Government to retain in themselves the management of the Works on a permanent basis. As soon as Government consider it desirable to do so the management of the Works will be revested in the shareholders among whom Government constitute a portion themselves.

A special meeting of the Executive Committee of the Red Cross was held on 22nd December 1949 at the Secretariat Mr. Paul Hyer, representative of the International Red Cross Movement, Geneva and Sarder Bahadur Sri Balwant Singh Puri, Secretary General of the Indian Red Cross, who were on a brief visit to Mysore on a tour of inspection, were also present. Janab Mahmood Shariff, Minister for Public Health and Excise, welcoming the distinguished visitors to the meeting, gave a brief description of the activities of the State Branch. He said that the State Organization had been working for the last twenty-five years in close co-operation with the bigger Organization functioning in India and outside, inspired by the same ideals and humanitarian motives and that in spite of various handicaps particularly of a financial character, it had contributed its mite by giving relief to the suffering public. He further stated that various Maternity and Welfare Institutions, Milk Centres, Rescue Homes, etc., came within the range of its work and further that, through its branches, spread all over the State, it was carrying on its beneficent work. He took the opportunity to appeal to the philanthropic public to contribute generously towards its funds so that it could pursue its aims and objects with more equanimity. He also stated that since they were about to

ebrate the Silver Jubilee of the Society which had a record good service to its credit, he expected an allround co-operan in implementing the work which the Society had in w.

Sadar Bahadur Sri Balwant Singh Puri who spoke next, preciated the work which local Branches were doing. He d that, during the four days' tour that they had in some of e important centres, they had assessed the good work which e State Branch had been doing in providing relief to veral deserving institutions. He paid a meed of praise to e Executive Committee and particularly to the Secretary what they had been doing. The maternity and child lfare work, he said, was assuming an importance of its own d, in the present stage of development of the country, ore and more attention had to be paid to it. He recounted e services rendered by the Red Cross Association, particurly during the troublous time of partition of India and the lief measures which it had adopted in re-habilitating refugees. e said that the Central Branch would always help the State ranch in all possible manner.

Dated 28th December 1949.

Press Note.

It was notified by the Director of Public Instruction in Mysore in Notification D. No. 84 dated 8th December 1949, that candidates who have failed at the S. S. L. C. Supplementary Public Examination of October 1949 and who desire to appear for the S. S. L. C. Examination of March 1950, should study the Text Books prescribed for the S. S. L. C. Examination of March 1950.

An article has appeared in one of the local daily papers that these candidates find it difficult to study the new portions prescribed in English and Kannada within three months and that they may be permitted to study the old Text Books.

In this connection, Government wish to point out that the idea of conducting the Supplementary Examination in the middle of the year is to give a second chance to the failed candidates and therefore, they are examined in the old texts. If they fail after having had two chances with the same texts, no further concession is considered necessary. If these candidates are to be examined once again, *i.e.*, for the third time in the same texts, this process may have to be repeated twice a year in the subsequent years also. A similar batch of students will arise with the next March Examination and when they appear and fail in the next Supplementary, *i.e.*, within about four months, the process has to be repeated for this batch of students. Government consider that there should be an end to such concessions somewhere.

Government also wish to point out that in Civil Station Area such of the candidates as have failed at the Madras Supplementary Examination and who wish to appear for the next March Examination, have to study only the new text books.

In these circumstances, Government desire to state that the candidates who have failed at the S. S. L. C. Supplementary Examination of October 1949 and who desire to appear for the S. S. L. C. Examination of March 1950 should study the text-books prescribed for the S. S. L. C. Examination of March 1950 and the Notification already issued in this behalf by the Director of Public Instruction stands.

RESTRICTIONS ON THE OCCASION OF KUMBH MELA AT VRINDAVAN AND HARDWAR.

The Government of United Provinces are desirous of taking steps to ensure that an epidemic of cholera does not break out and spread as a result of the Kumbh Mela at Vrindavan and Hardwar scheduled to come off in the latter end of February 1950, and in the middle of April 1950, respectively. Though the Mela attracts a large number of pilgrims from Mysore State, it is not desirable that people from Mysore should attend the Mela in view of apprehension of cholera in the above places. However, such of those as desire to proceed to the jatra are advised to get themselves inoculated against cholera and obtain certificates of having got themselves inoculated before proceeding, as otherwise they may be prevented from entering the precincts of the jatra. The Government of the United Provinces have intimated that barriers would be established for effective checking at the main parts of entry into Vrindavan and Hardwar and the Mela area.

8 Dr. K. Sreenivasachar, L.M.S.
9 Dr. N. A. Aiengar, L.M.S., L.R.C.P. (*Convener*).

Government have also permitted the Committee to collect donations for the purpose. An appeal has been issued by the Committee for public contributions which may be made to the local representative appointed by the Committee or to *Sastravaidyapravina* Dr. S. Subba Rao or to Dr. P. Krishna Rao, Treasurer of the Golden Jubilee Fund.

(P. N. No. 200—31-12-49—XX 3401-3500)

Dated 31st December 1949.

Press Note.

A few reports regarding the strike by the workers of the Mandya Sugar Factory have appeared in some sections of the Press in which allegations of highhandedness have been made against the local police and the Management of the Factory. In some cases, facts have been distorted and painted in a highly exaggerated manner. There was no strike by the workers working in the Factory. The dismissed and suspended employees, with a view to stage a demonstration, took out a procession and were about to rush into the Factory to prevent its working. It was at that stage that the police had to intervene on 11th December 1949. The Factory has continued to work uninfluenced by the methods adopted by a few of the dismissed employees.

In this connection, attention is drawn to the Press Note previously issued on 12th December 1949 in which a detailed account of the incidents has been given. It has been definitely mentioned that there was no police firing at Mandya, as stated in some of the press reports. It will also be seen there from that the statements made in some sections of the press regarding the alleged highhandedness are absolutely in correct. Government wish to make it clear that the police as well as the Management of the Factory have handled the situation with the utmost care and patience and have taken timely action, but for which the situation would have become complicated, resulting in the fall of production of sugar.
